## Why GULF Shine?

### **COST SAVING**

Have the best technical and energetic proposals that allow working with the most adjusted operational prices regarding building suppliers.

### **TECHNICAL MANAGEMENT OUTSOURCING TO A SPECIALIST**

EMMS has a wide experience in all the technical fields of building, mainly based on design and building from an engineering point of view. Our team is made up by the best specialists, always at the client service to improve technical assessment, property assets management, strategic purposes of assets and to identify improvement chances.

### **PROACTIVITY**

Our knowledge and abilities of planning in the short/long term allow you to optimize you managing strategy and bring impacts forward.

### **COORDINATED MANAGEMENT OF BUILDING POOL**

When the building has a pool of assets, **GULF SHINE** services provide a wide view of the exploitation, achieving economies of scale in some fields and coordinating assets projects looking for an overall result.

### **COMPREHENSIVE SERVICES**

**GULF SHINE** services go beyond Facility Management: they embrace design, building management, technical audit, etc. while providing comprehensive consulting and technical services.

### **SUCCESS**

Our remuneration system is focused on client satisfaction and based on the securing of the established aims.

### **INDEPENDENCE**

**GULF SHINE** main purpose is client satisfaction, our business is not based on the implementation of maintenance tasks or investment, but on technical consulting services for the client.
